

SOCIAL TOOLKIT TO AMPLIFY THE 'AT HOME' PLAN

Amplify #CountiesAtHome

Despite significant investments by the state and local governments, California lacks a comprehensive plan to address homelessness effectively and equitably. To make meaningful progress in helping those who are unhoused, the California State Association of Counties (CSAC) offers the 'AT HOME' Plan. **As a member of the county family, amplify the release of AT HOME on your social channels!**

Provided below are sample social media posts and graphics. When posting, please consider:

- Using the #CountiesAtHome hashtag on all content.
- Sharing other members' posts as a means of amplifying the message to your audience and followers.
 - Engage with other members by liking, retweeting, and sharing posts across different channels to increase engagement.
- Linking to CSAC's AT HOME landing page and news coverage on the initial launch.
 - We recommend using platforms like [Bitly](#) to populate condensed links and save on character count for Twitter (280 characters).
- Including graphics with tweets and posts.

Clear responsibilities aligned to authority, resources, and flexibility for all levels of government

No one level of government is solely responsible for the homelessness crisis. **We need to develop a comprehensive and coordinated plan that includes all levels of government.** The undertow of massive economic and systemic inequities, as well as a tangled web of decisions made by well-intentioned policies and programs built over decades, continues to stymie efforts to support those who are unsheltered or at risk of becoming unsheltered.

RECOMMENDATIONS

Clear responsibilities aligned to authority, resources, and flexibility for all levels of government

- Clearly define roles for siting and supporting shelters and permanent supportive housing, as well as encampment outreach clean-up.
- Commit to ongoing funding.
- Require the submission of countywide or regional plans with established, clear goals and responsibilities.
- Allocate funding commensurate with the responsibilities each entity has within the plan and provide for maximum local flexibility.

Increase and maintain housing units across the spectrum

There is a significant housing shortage across the full housing continuum in California and the supply of permanent, affordable housing continues to be a considerable challenge to addressing homelessness.

A COMPREHENSIVE PLAN TO ADDRESS HOMELESSNESS

#CountiesAtHome

H O U S I N G

RECOMMENDATIONS

Increase and maintain housing units across the spectrum

- Increase resources needed to acquire, build and operate housing solutions across the full housing continuum, especially permanent supportive housing for individuals with complex needs.
- Increase flexibility and streamlining to generate more affordable housing projects.
- Create flexible housing subsidies and modify federal Housing Choice Vouchers to help more individuals utilize rental assistance to maintain housing.

Strengthen safety net programs

Counties run or administer eligibility for most health and human services programs on behalf of the state and federal government. Successful implementation of these core health and social services programs are the front lines of preventing homelessness. This is the safety net in California.

A COMPREHENSIVE PLAN TO ADDRESS HOMELESSNESS

#CountiesAtHome

M I T I G A T I O N

RECOMMENDATIONS

Strengthen safety net programs

- Provide adequate funding for county administration of safety net programs to ensure eligible individuals can be enrolled and receive the services they need timely.
- Increase the availability of and access to programs and services that provide screening, treatment, and recovery services for substance use disorder.
- Increase flexibility for county behavioral health funding to maximize federal Medi-Cal funds and expand county behavioral health investments for the unsheltered population.

RECOMMENDATIONS

Create employment and education pathways, as well as supports for basic needs

- Update local workforce development and investment boards to address employment for unsheltered populations and work with California Community Colleges to develop programs that support the formerly unsheltered.
- Increase accessible programs for justice-involved individuals to receive training and overcome employment barriers.
- Continue and expand efforts to assist more qualifying aged, blind, and disabled persons to obtain SSI/SSP benefits and expand subsidized housing placements for these populations.

Create employment and education pathways, as well as supports for basic needs

To address homelessness over the long-term, there must be a goal and focus on employment, self-sufficiency, and the ability to cover basic needs for formerly homeless individuals. Specialized education and career supports are needed for formerly homeless, including justice-involved individuals, veterans, and former foster youth, to help support economic stability and opportunity.

T RANSPARENCY

Integrate and expand data to improve program effectiveness

An accountable system to address homelessness requires transparency. Current data systems and data sharing are fragmented and do not support case management-type approaches for addressing homelessness. Improved data systems are important to improve effectiveness of countywide systems.

A COMPREHENSIVE PLAN TO ADDRESS HOMELESSNESS

#CountiesAtHome

T RANSPARENCY

RECOMMENDATIONS

Integrate and expand data to improve program effectiveness

- Integrate and expand data systems to enhance transparency and allow for data-driven decision making.
- Enhance existing health, social services and state and local criminal justice data systems to provide more robust data on the immediate and long-term needs of individuals and better manage institutional discharges.

O UTREACH

RECOMMENDATIONS

Develop sustainable outreach systems and increase workforce to support these systems

- Recruit, train and retain a robust HHS workforce and consider new certifications for workers in housing and other fields.
- Leverage additional federal funding for outreach, rapid response, follow up, and retention activities.
- Expand training and quality improvement incentives for law enforcement and probation responding to unhoused individuals.
